Subject: Gun Bills

As usual gun bills are coming fast and furious.

The ones that appear to be moving next week are:

This bill allows for a "warning" the first time you are caught with a gun someplace you aren't supposed to have one
HB2370 / SB 2369

Firearms and Ammunition - As introduced, authorizes an individual, business entity, or government entity to allow the concealed carry of handguns by handgun carry permit holders on the individual's or entity's property while prohibiting other weapons or the open carry of firearms; establishes posting requirements for "concealed firearms only" signage. - Amends TCA Section 39-17-1359.

On Senate Judiciary next week in the Senate; Looks like it has already passed in the House

Maggi Duncan is working on a Civil Asset Forfeiture Bill
HB2143 / SB1877

Forfeiture of Assets - As introduced, requires comptroller to audit use of civil asset forfeiture proceeds by local law enforcement agencies and judicial district drug task forces during regular audit of local government; requires department of safety to publish uses of forfeiture proceeds by department and results of comptroller's audit on department's website. - Amends TCA Title 8, Chapter 4 and Title 40, Chapter 33, Part 2
House Civil Justice Committee next week

Jane with TML is warning about a bill that says that if a facility allows outside events – i.e. Community events or rentals – they have to allow gunshows, as well. It was originally created to deal with the Nashville Fairgrounds, but as written would apply to things like Libraries and Community Centers and Parks. As soon as I have a number I will send it to you both.

Thank you,
